## HALIBURTON HIGH SCHOOL CHOIR BRINGS GREAT HONOUR TO HALIBURTON COUNTY

Last Friday the Glee Club of Haliburton Highlands Secondary School under their director Mr. Bill Gliddon, travelled to Peterborough, where they competed in the 22nd annual Kiwanis Music Festival, and obtained first prize in the three part choral class for High School choirs. In awarding a mark of 90 (the highest mark for choral work given during the two-week Festival), the noted adjudicator, Dr. Maurice Miles, stated that the Haliburton choir was by far the best high school choir he had heard in Canada; — "a well-disciplined ensemble, they sang with very good tone, completely in tune at all times. Their performance was given with great fervour, enthusiasm, and complete confidence."

The selections sung by the choir were "The Arethusa" by test piece) and "With a Voice of Singing" by Martin Shaw (own choice).

At the end of the adjudication it was announced that the Haliburton Highlands Secondary School Glee Club would be among the approximately twenty choirs from across Canada eligible to compete for the George S. Mathieson Trophy. This is the National Trophy awarded to the best performance by a High School choir across the dominion. In the twenty-two year history of the Peterborough Kiwanis Festival, this is the first time an entering choir has been considered eligible for the great honour of competing for the Mathieson Trophy.

On Saturday evening, at the conclusion of the Festival, it was announced that the coveted Charles Allen Memorial Trophy for the most outstanding choir performance of the Festival, had also been awarded to the Haliburton Highlands Secondary School Glee Club.

## PROGRESS COLUMNIST HAS ARTICLE IN OUTDOORSMAN

One of the featured articles in the March-April issue of "The Outdoorsman" was written by a well-known writer, "Norm" Maidens.

The article entitled "Adventuring in the Haliburton Highlands" covers everything from Gems Ghosts to Sea Serpents and is informative as well as entertaining.

Norm's "Alter Ego" Fenwick Finch does a weekly column for the progress.

## U.C.W. HOLD MEETING

The general meeting of the Minden UCW was held in the Church Hall on the evening of April 4, 1968.

President Florence Finlay opened with a meditation followed by prayer. Roll call was taken and minutes of the previous meeting read and approved. The minutes of the executive meeting were approved and discussed.

The rummage sale of the Esther group is to be held on April 27th and we are asked to donate good used clothing.

Following the business period the devotional was given by Edna Morgan with the theme on Easter Hymn 102 was sung.

Carrie Vasey introduced the guest speaker Mrs. Noel McNeil who gave a wonderful talk on Peace with God. Both Mr. and Mrs. McNeil are exceptional speakers and we are indeed fortunate to have this fine couple in our area.

Following the closing of the meeting a delicious lunch was served by the Esther group.

## HALIBURTON BANTAMS

### ADVANCE TO ONTARIO FINALS

The Haliburton Bantams have earned the right to play Cape-town in the All Ontario Finals "D" Series.

The final series will be the best of three series with the first game being played in Haliburton on Friday evening, April 12th, game time is slated for 7.00 p.m.

The second game will be played Sunday in Dundas, April 14th game time 2.00 p.m.

## Bailey's Lumber Mill Burns To The Ground

Damage estimated at \$75,000 resulted when flames swept through the Bailey Lumber Mill in Haliburton Monday.

Fire officials said the fire started during the lunch break at noon and fanned by the wind, flames soon engulfed the frame structure of the mill. The Haliburton Fire Department responded to the alarm but the fire was wildly out of control when firemen arrived.

The building and all the machinery in it was destroyed by

the fire.

Firemen were on the scene for nearly seven hours watering down smouldering sawdust and the charred remains of the mill. Cause of the fire is unknown.

## SNOWMOBILED ALL THE WAY TO FORT ALBANY

Six ardent snowmobilers, Les Northey, Bev. Forbes, Harry Forbes, Morgan Prentice and Lloyd Baker travelled all the way to Fort Albany on James Bay by snowmobile. The trip took one week and over 228 miles by machine.

The group drove to Abitibi Canyon, staying at the Power development overnight, then headed north to Fort Albany. On the way north the party stayed one night in Moosinee.

The hospitality in Fort Albany was excellent. Father Berner the priest in charge was host, he runs the boarding school for the Indians.

All in all it was an exciting trip, and much was learned about the north country.

## PUBLIC LIBRARY BOARD HOLD MEETING

A meeting of the Haliburton County Public Library Board convened at 8 p.m. at Mr. McNeill's residence on April 4th with all members (Mrs. R. Neville, Mrs. V. Agnew, Mrs. E. Bursey, Mrs. E. Hewitt, Mrs. I. Moore, Mr. D. Russell, Mr. R. Brohm and Mr. McNeill, secretary-treasurer) present.

Moved and seconded that the minutes be adopted as read.

Moved and seconded that cheques no. 81 to 103 amounting to \$981.29 be authorized and paid.

Moved and seconded that a copy of our Basic By-law, as amended in our minutes be sent to each municipal council with a letter drawing their responsibilities to their attention.

Moved and seconded that we follow the formula of branch grants set up in 1966 as our finances permit at the discretion of our secretary-treasurer.

Moved and seconded that we authorize Mr. McNeill to investigate and implement a mail service.

Moved and seconded that Mr. McNeill and Mrs. Packard and one other person, as circumstances develop be authorized to go to Ontario Library Association at Hamilton.

## RED CROSS CAMPAIGN UNDERWAY

The local Red Cross association have their appeal out to all in Haliburton County. Their campaign started the first of March, but all those who have not contributed yet are urged to do so.

The work of the Red Cross in this community is very extensive. The swimming classes they conduct each year is only one of the many projects they have. This project is a big undertaking and very worthwhile to the community.

It is up to each and everyone of us to help the Red Cross Association of this County to reach their objective.

## THURSDAY SMILE

A young bachelor was telling us that he called on his girl at night and was hardly inside the door before her mother started questioning him about his intentions.

"That must have been embarrassing," we said.

"Yes" he admitted, "but the worst part of it was that my girl called from upstairs and said: "No, mother, that isn't the one!"

## HERE AND THERE

by FENWICK FINCH

I have been taken to task about the ownership of the Wagon Wheel Motel — seems like I mentioned the fact it was owned by Rita and Art Hodgkinson and operated by Don Nye. I was in error. Rita and Art founded the Motel and have been in business for almost twenty years — last Fall Don and Yvonne Nye purchased the business and are now in full control.

I hope that gets the record straight. No matter who's running the place the coffee and food is of the best and, after all, that's what really matters.

\*\*\*

Every once in awhile I shake the "grapevine" and see what comes out — the last time, Morgan Prentice came into the picture. Everyone who knows Morgan knows that he is a competent business man and one who is rarely, if ever, flustered; however my information tells me that just recently Morgan went into a "flap." Here's what happened — you will remember last week or so several snowmobile buffs made a trip to James Bay or the Arctic Circle or somewhere in that area. Before he left his good wife Lola came up with a pair of old-fashioned wool "Ganzees" that were worn by her uncle. Anyone over fifty remembers these as being warm and buttoned up the front with a convertible, two-button drop seat or "flap". Anyhow Morgan was wearing them to keep out the Arctic cold and very successful they were. They stood up throughout the trip and on the way home Morgan was still enjoying their solid comfort. Coming down from Moosonee on the train he felt the "urge" and headed into the washroom — imagine the dilemma he found himself in when he suddenly discovered to his horror he had put them on backwards — that's when he found himself in a "flap".

This was where my source of information dried up — if you want to find out how this saga ended you'll have to ask Morgan, after all, he was at the "bottom of the whole thing."

\*\*\*

Whenever we hear of UFO sightings they are usually by strangers to us and for that reason we take them with a "grain of salt" however when we hear of a sighting by someone who is known to us and whose veracity is above reproach we look on them in a different light. I'm referring to last week's letter by Mrs. Kay Lunham in which she vividly described her "sighting" of a UFO. No doubt there have been more sightings but the majority of the people are hesitant about mentioning them for fear of ridicule. This is the wrong attitude — they should make these things known.

Sightings are nothing new — a literal interpretation of the Bible indicates that some forms of spacecraft, operated by beings similar to, if not identical to, human beings, visited some of the places and people in the Old Testament. In the olden days, Heaven was held to be somewhere overhead and anyone coming from there were thought to be "angels". Many sightings were of strange chariots, fiery lances and shields with dome-like tops (similarly to the descriptions we get today). so, you see UFO's have been around for a long time.

\*\*\*

That just about does it until next week.

Mrs. Matalas sez — "Women must drive better than we men say they do — or we wouldn't ride with them." Could be.

The long week-end is coming up — drive carefully so that if you crack anything it'll be easter eggs — not your head.

Fenwick

## 45th WEDDING ANNIVERSARY

Mr. and Mrs. Jack Bacon celebrated their 45th wedding anniversary Saturday March 30, 1968 when over one hundred relatives and neighbours gathered in the Legion Hall in Kinmount to congratulate the happy couple.

Mrs. Bacon who was the former Margaret Duck, who wore a coat style blue and grey silk jersey dress and she wore a real orchid. Mr. Bacon was the son of the late Mr. and Mrs. David Bacon. He has lived all his life on the farm where he was born. Mr. and Mrs. Bacon were married on April 23, 1923.

Mr. and Mrs. Bacon have three sons, Clarence, Frank and Walter and two daughters Mary (Mrs. M. Martin) and Dorothy (Mrs. Joe Crego) and thirty grandchildren.

The guests presented Mr. and Mrs. Bacon with a TV and stand. Other gifts and many cards were received. Mr. Wm. Scott MP, was there to congratulate Mr. and Mrs. Bacon.

## CAN TRUDEAU WIN?

For the past week, we have had the political scene driven at us from all directions. The biggest surprise of the Liberal leadership convention, right from the start, was the popularity of Justice Minister Pierre Elliott Trudeau. Of the nine serious candidates who threw their hats in against him, only Winters was able to stand the pace till the end. Turner of course was there too, only because of the dealing and wheeling which was going on.

The convention developed into one of the most interesting events in Canadian political history, principally because the winner automatically became Prime Minister, succeeding Lester Pearson, who is retiring. Public interest is at an extremely high level, as the Conservative convention was, being accelerated by the extensive television coverage which practically brings the candidate into the homes of Canadians.

Mr. Trudeau has shown up well on the tube. And it is probably a chief reason he gained so much public support. He is young and colorful, being an almost direct contrast to the popular image of the staid and serious politician. A great many people feel he best portrays the spirit of a young and vibrant Canada. However the big question which faces not only Mr. Trudeau but the Liberal Party is whether or not Mr. Trudeau can win a general election against the Giant of the Tories, Mr. Robert Stanfield.

It is one thing, being a favourite of your own party, and a strong delegate when all the voting public go to the polls. The hoopla that precedes a major convention can often distort the picture. But after a few months in office, the decision of all the people is important. It is a tough game when the chips are down and the gloves come off and the fight begins for real in a general election.

Mr. Trudeau is up against formidable competition. The question is, can he stand the political heat that will come in the future. He has only been in the game three years, whereas most of his opposition is considerably more experienced.

It would appear that youth has a special appeal. He has shown this by winning Saturday. We think the party picked the best man. But we are not so sure he can win the big contest when it comes, and it just might come sooner than one thinks.

The Conservatives have a strong camp, with plenty of depth, when it comes to an election. The Liberals on the other hand have a few that have a habit of fumbling the ball on the one yard line. Trudeau looks good, but to win an election, like winning a hockey game, the team with the best balance and depth, walk away with the silverware.

It is going to be interesting in the months ahead. Stanfield is as Conservative as you can get, while Trudeau represents the opposite, a radical. It shouldn't be too tough, even for those who sit on the fence, to make their minds up when Canada, puts on their big popularity contest sometime in the near future.

## TOWNSHIP OF STANHOPE MINUTES OF COUNCIL MEETING ALL MEMBERS PRESENT

Moved by William Cowen, seconded by John W. Down, resolved that the minutes of March 1st. meeting be adopted as read. Carried.

## WOODS, WATERS AND WILDLIFE

By James Woodford

A conference on the future of the Niagara Escarpment's scenic and recreational potential will be held in Toronto on Friday, March 22nd at the Seaway Towers Hotel.

The conference will be jointly sponsored by the Niagara Escarpment Committee and the Federation of Ontario Naturalists.

Luncheon guest speaker will be Ontario Lands and Forests Minister Rene Brunelle.

The project will bring together representatives from the provincial and municipal governments agriculture, quarry operation, land development, conservation, naturalists and landscape planners.

"The highlight of the day will come with a panel of individuals representing each group presently using the Escarpment," according to Michael Hough, chairman of the Niagara Escarpment Committee.

"Each of these delegates will make a policy statement describing the way in which he thinks the Escarpment should be used, and how other parties are to be satisfied as well.

"At the end of this panel, we'll throw the topic wide open to allow questions from the floor. Panel members will have to defend themselves."

The Niagara Escarpment Committee wants the provincial government to step in and control the use of the Escarpment with a master plan that will allow development of its scenic and recreational potential as well as those uses, such as quarrying, that are essential to the economy.

The Escarpment is within an hour's drive of over half the population of Ontario and has been last frontier. By 1982, the demand aptly called 'southern Ontario's for outdoor recreational facilities in this part of the province will be eight times as great as at present.

The Escarpment conference is open to the public. There is a registration fee of \$5.00, which includes luncheon.

**\$30,000 ALLOCATED FOR DAM  
12 MILES NORTHEAST OF  
DORSET**

The province will spend \$260,000 on reconstruction of dams in the districts of Hastings, Nipissing, Haliburton and Thunder Bay, Works Minister Ray Connell announced today.

The program includes: \$100,000 on McGraw Falls dam on the Matarwin River, Thunder Bay district, to control the flow from a drainage area of 340 square miles; Big Mink Lake dam in Hastings County near Maynooth, \$65,000; Hay Lake dam on Otter Creek south of Whitney in Nipissing district, \$65,000; Livingstone Lake dam in Haliburton county 12 miles northeast of Dorset, \$30,000.

## SPORTS

WITH BOB BEENEY

Some sceptics will scoff at the Minden Councils decision to spend \$2,500 to lay out a proposed recreation park that will supply this community with recreational facilities that will be adequate for many years to come. The decision to engage Canadian Mitchell Associates Ltd. to prepare a park plan for Minden is a major step forward in the planning of Minden and the surrounding area.

Although many people will say that this money is being wasted foolishly but a statement as such would be foolish itself.

The sum of \$2,500 is a small amount for the professional services that this town has acquired. This price could be saved many times over in the layout and construction by having a good layout to follow instead of going ahead without a plan and not knowing the proper course to follow.

In the plan space will be provided for a new arena, ball park, track, swimming pool and football field.

No doubt many years will pass before such a program could be completed but when it is Minden will have the finest recreational facilities combined in one park and will be second to none in Haliburton County and surrounding district.

I hope that all ratepayers resident and non-resident alike will support the plan and combine their efforts to ensure that the park becomes a reality as soon as it is possible.

The Minden Minor Hockey Association held a meeting last night to discuss the past hockey season and to decide when the annual wind up will be held. The financial picture was discussed and arrangements were made to have crests and trophies purchased to award to the hockey players.

The meeting was held after this column was printed but a full report on the meeting will appear in next week's paper.

On May 28th the Minden Rotary Club will stage a Spring Frolic at the Haliburton Legion. It will be an evening of dining and dancing and the proceeds of the evening will go towards minor hockey. Music for the evening will be supplied by the Blue Echoes.

There's one thing you can say about the Rotary and Kinsmen Clubs in Minden they really support minor hockey and the association no doubt thanks them very much.

# FEDERATION OBJECTS TO PROPOSED TERMS OF FISHING AND HUNTING LICENCES

The directors of the Ontario Federation of Anglers and Hunters, at a meeting in Toronto, March 31st, acknowledging the fact that up to the present time the activities of the Department of Lands and Forests in productive Fish and Game management in Ontario does not justify the financial burden inflicted upon the resident of the Province by the proposed changes in the Fish and Game Licences. However, the Directors acknowledge the need for the establishment of a much expanded Fish and Game Management Program in Ontario, have taken the following position with respect to the proposed resident's Angling Licence and the proposed increases in the resident's hunting licences.

We would support in principle the introduction of a resident Angling Licence in order to establish a much expanded sport fisheries management program in the Province of Ontario provided that: (1) the licence apply to male persons only between the ages of Twenty (20) and Fifty nine (59) inclusive and (2) the Department of Lands and Forests provide the figures for the complete expenditures in Fish and Wildlife Management in Administration, Research, and in the field for the years 1966, 1967 and show to the public the use of these increased revenues.

With respect to the proposed increases in the Hunting Licences, we reluctantly agree that these are reasonable with the exception of the amount of the increase proposed for the resident's Hunting Licence and provided that: (1) with respect to the Big Game Licences that legislation be enacted to allow the Department of Lands and Forests to specify the cutting formulas for all areas under Timber Licence or Cutting Permits to provide for the taking of a Forest Product Crop while at the same time improving the range for big game and that such formulas be written into all agreements with the Timber operators and be adhered to by the operators under penalty of cancellation of the licence or permit. (2) along with all resident hunting licences there is included dismemberment and loss of life insurance coverage for each individual purchasing a licence and (3) the issuing

# Townships Of Anson, Hindon and Minden 1967 AUDITOR'S REPORT

The Council and Ratepayers  
Township of Anson, Hindon and Minden  
Minden, Ontario.

We have completed our audit of the accounts of the Township of Anson, Hindon and Minden, Minden Township School Area, Minden Waterworks Board and the Committees which were active in the Township for the year ended December 31, 1967, and have prepared the statements as listed in the index.

The Capital and Loan Fund Balance Sheet, Statement A, shows a total for general fixed assets of \$249,596, details of which are reported on Schedule 18. The amount due from the Minden Waterworks Board of \$140,749, is in respect of the amount due to the Ontario Water Resources Commission arising from the cost of installing the water system. This amount is repayable over a period of thirty years and the accumulated Sinking Fund represents the contribution and earnings to date for the fund set up in respect of this item.

Debtenture debt includes \$264,006 for debentures issued by the municipality as detailed in Schedule 1, and \$143,737 debtenture debt assumed from other municipalities as set out in Schedule 2. The loan payable to the Canadian Imperial Bank of Commerce of \$14,685 is in connection with the construction of the new municipal building. It is noted that the principal payment for 1967, as set out by By-law 22-65 in the amount of \$3,670 was not paid in respect of this loan till 1968.

Statement A-1, Statement of Source and Application of Capital Funds, shows what monies were expended on capital expenditures and where the money for these purposes was received from. Included in this statement for 1967 is the cost of the purchase of land for a park in the amount of \$10,000, for which a grant for the full amount was received from the Department of Energy and Resources Management under the Parks Assistance Act.

The Revenue Fund Balance Sheet, Statement B, reflects an accumulated surplus as at December 31, 1967 of \$35,834. Taxes receivable of \$53,053 are higher than those outstanding as at December 31, 1966, at which time they were \$43,295. As at December 31, 1966, the current bank loan stood at \$68,000. We wish to report that this is \$5,303 in excess of the limit provided by the Municipal Act.

Statement D, Statement of Revenue and Expenditure, reflects a surplus for the year of \$8,697. Included in the revenue is revenue from taxation of \$235,900, details of which will be found in Schedule 3. The cost of education totalled \$122,431, details of which are reflected on Schedule 9. Capital expenditures amounted to \$32,819 as set out on Schedule 13.

Expenditures also included a provision of \$538 for the Ambulance Service Fund which amount was the excess of revenue from the operation of the ambulance over the cost for 1967. This will be used to reduce the amount receivable from the Ambulance Service Fund for 1966.

Schedules F and G reflect the transactions in certain

there is included insurance cover- age for each individual purchas- ing a licence and (3) the issuing fee is not increased by more than ten cents per licence.

**KAWARTHA - HALIBURTON CAS**  
**SPONSORS OF PEARSON**  
**DAY NURSERY**

"The Kawartha - Haliburton Children's Aid Society is very pleased to be the sponsor of the Lester B. Pearson Day Nurs- ery in Peterborough," Society president A. Terry Jackson of Lin- dsay told a large audience that attended the official opening cer- emonies on Thursday.

"This is the first full time Day nursery in the area and it is the first in the province to be established by a Children's Aid Society," the president told the gathering. He said this would not have been possible without the generous assistance of the Peterborough Community Fund, the congregation and Official Board of George Street United Church and the many people who work in the nursery as volun- teers.

He said the building already had a claim to fame in that the Hon. Lester B. Pearson re- sided there from 1907 to 1910 when his father was minister of the George Street United Church.

Mr. Jackson said it gave him great pleasure to call on the Hon. L. B. Pearson to officially open the Lester B. Pearson Day Nursery.

The nursery has a capacity of 30 children with 27 presently en- rolled. The building is made available free of charge by Geo- rge Street United Church to the Kawartha - Haliburton Child- ren's Aid Society.

**IS ALWAYS THERE**  
**WITH YOUR HELP**

over the cost for 1967. This will be used to reduce the amount receivable from the Ambulance Service Fund for 1966.

Schedules F and G reflect the transactions in certain reserve funds. Schedules H and J report the transactions in the Sinking Fund set up under the agreement with the Ontario Water Resources Commission in connection with the retirement of the liability of the waterworks system.

Schedules 9 and 9A give details of the cost of education. As at December 31, 1967 additional levy under Section 53 of the Assessment Act of \$4.00 due to the Minden School Area Board and \$5.00 due to the Haliburton County High School, have not been paid over. In addition, the levy for the Township School Area of Sherborne and Ridout of \$417 was not paid until January 1968.

Schedules P1, P2 and P3 report the operations of the Minden Waterworks Board for the year 1967. The state- ment of Revenue and Expenditures, P3, reflects a deficit for the year of \$166, after making a contribution to the Contingency Fund of \$927, and to the Sinking Fund of \$3,216. Debt charges also include payment of interest on the debt due to Ontario Water Resources Commission in the amount of \$8,526. A cumulative deficit of \$4,770 is reflected by the Statement of Defecit, Schedule P2.

Schedules S1, S2 and S3 are the statements for the Minden Township School Board. The school Revenue Fund Balance Sheet shows cash in the bank of \$48,680 and a surplus of \$42,304. Due to the amalgamation on January 1, 1967 of the Lutterworth Township School Area and Snowdon Township School Area with the Minden Township School Area, the assets and liabilities for the first two mentioned Boards have been incorporated into the 1967 statements. As a result, current surplus was increased by an amount of \$49,043 and capital surplus by \$84,152. In addition, further debenture debt payable in the amount of \$27,700, due to the Township of Lutter- worth, and \$11,189, due to the Township of Snowdon, was included on the Capital Fund Balance Sheet. Two of the four school properties from the Snowdon School Area were sold in 1967.

**AUDITOR'S OPINION**

Subject to the qualifications in our report, we report that in our opinion:

- (1) The financial transactions which have come under our notice have been within the powers of the munici- pality.
- (2) The audit has been conducted in accordance with the instructions of the Department of Municipal Affairs.
- (3) The financial statements present fairly the fin- ancial position of the municipality as at December 31, 1966 and the results of its operations for the year ended on that date.

## DOLLARS AND GOOD SENSE

by William J. Martin

This column is a regular weekly feature prepared by the Family Financial Counselling Service of the Avco Delta Corporation, P. O. Box 2820, London, Ontario. All questions submitted to the above address will be answered, in print or by return mail. Names will not be used in print. However, all questions should be accompanied by a complete name and address.

Dear Sir: I have a serious problem, and an urgent one, too; so I hope you will give me a quick reply by mail although you have my permission to put it in your paper if you want to. This is the problem.

We live on fairly average means and have been going along, living pretty much like other people do; not saving much but paying our bills regularly. Like most people, we bought a few things on time, but our income was enough so we could make the payments without too much trouble.

Then the blow fell, and my husband has taken ill. Now we can't meet the payments on some of our purchases, and I don't know what to do.

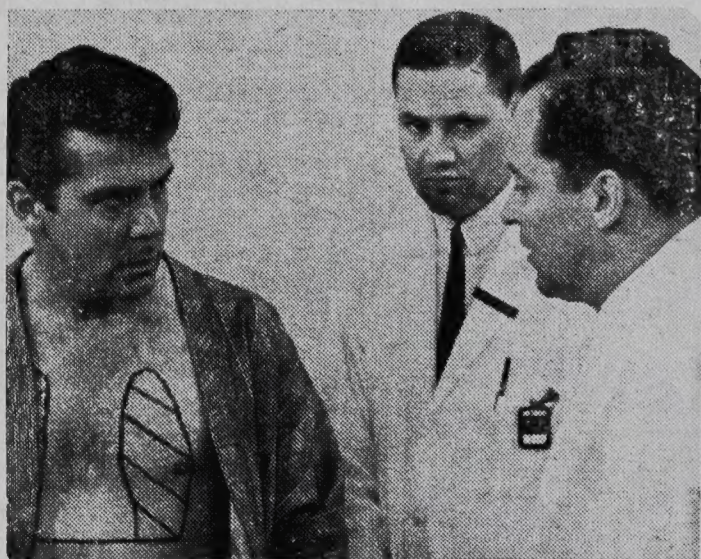

Mrs F. N.

First of all, keep your head. These problems can be worked out, and have been. I urge you

as an initial step to contact your creditors and explain the situation to them. I promise you that nine out of ten will be anxious to work something out under which you make smaller payments until you are back on your feet. But by all means, get in touch with them before your credit rating is damaged. Most misunderstandings begin with the reluctance of the person who owes money to talk things over with his creditor. As a result the creditor thinks that payments are not made because the customer is unwilling to make them rather than because of changed financial circumstances.

Again, I can assure you that if you talk things over with your creditors, you'll find they're very willing to help you through what must be a very difficult period for you.

## INTERTEL — A MATTER OF TIME

Ted Andersen (Lee Patterson) receives a final briefing by doctors at Princess Margaret Hospital, Toronto, before undergoing radiation treatment for cancer. The markings on the patient's chest indicate areas of healthy tissue that the radiotherapist must avoid damaging. This scene is from A Matter of Time, a one-hour dramatized documentary produced by the Canadian Broadcasting Corporation for Intertel to be seen Wednesday, April 17 on CBC-TV.

## SUMMER RESIDENT REID FORSEE AND WIFE KILLED IN CAR ACCIDENT

Reid Forsee, a CBC radio producer who specialized in safety programs was one of three persons killed in a three-car crash near Barrie, Saturday. Mr. Forsee and his wife were summer residents of Haliburton County, having a cottage on Kushog Lake below Ox-Narrows.

Reid W. Forsee, 64, of the CBC, his wife Doris, 55, and the driver of a second car, Lawrence W. Malloney, 24, of Burlington, who worked for CFCH radio-television in North Bay, were dead on arrival at Barrie Hospital. Mr. Forsee and his wife were on their way to their cottage here, when the accident happened.

Forsee's radio program, Safety Clinic, which he began producing in 1946, won many awards from safety organizations in Canada and the U.S. including the National Safety Council and the Ontario Safety League.

He lived in Oakville and was chairman of the Oakville Traffic Safety Council.

He joined the CBC in 1938 and

was associated with many radio programs through the years, beginning as an announcer with Neighbourly News in 1940 and later switching to producer.

Forsee attended Ridley College in St. Catharines and the University of Toronto.

**LET ME EXPLAIN...**  
**CONFEDERATION LIFE'S**  
**DISABILITY BENEFIT**

Time off from work, through disability, is no laugh. In fact it's downright unpleasant. There are mounting bills for medical services and medicine, worries over the cost of day-to-day living without an income, and uncertainty about the future.

At a time like this, you need a special kind of help — financial. With a Confederation Life Disability benefit you can replace part of your lost earning power. For more complete information on this, and other Confederation Life policies, telephone me or mail the coupon. I will welcome the opportunity to talk them over with you, in your home or office.

**WHAT IS HAPPENING ABOUT TB?**

How is the campaign against tuberculosis going? Measured in numbers, that is?

Up to the end of November, 1967, there were 3,745 new cases reported and 649 reactivated cases. In both categories this was up from the same period the year before.

Get right down to it, the number of new and reactivated cases has not yet changed very much in the last five years.

Of course we have to take into our calculation that the population is going up all the time, even if the birth rate is going down. The population rate increase is more than the rate of increase in reported cases of TB. The percentage increase in the number of TB cases was less than one per cent. Population rates go up more than that — about two per cent plus. So Canada's population swelled in the period with which we were dealing by close to 400,000, but the number of cases of tuberculosis went up only 47.

Still, any increase is discouraging. And there is another thing discouraging. It is that of the 3,745 new cases reported up to the end of November, 558 were boys and girls under 20 years of age.

This can mean just one thing. There are a lot of people with

active tuberculosis walking around spreading tubercle bacilli.

When one considers the availability of diagnostic services all over Canada, that most Canadians are within reach of clinic where they could be given a tuberculin test free and if they were positive a chest X-ray free, it is pretty sad that 558 youngsters developed tuberculosis — especially when one takes into account that the 558 who developed active disease were certainly not the only ones infected. Undoubtedly there were others who are likely to break down some time in the future. Everything considered, this is no time for congratulating ourselves on the advances against TB.

**HALIBURTON COUNTY TUBERCULOSIS AND HEALTH ASSOCIATION TO HOLD DINNER MEETING**

On Tuesday, April 30 in the Haliburton United Church Hall the Haliburton County Tuberculosis and Health Association will hold their annual dinner meeting.

The dinner is served at 6.30 p.m. followed by an open meeting at 8 p.m. The speaker for the evening is Dr Floris E. King, field programme director and nursing consultant of the Canadian Tuberculosis Association. His topic will be "The Way Ahead."
